

**Tadeusz Kościuszko Cracow University of Technology
ANNOUNCES A COMPETITION FOR THE POSITION
assistant professor in the research and teaching staff group**

**at the Department of Chemistry and Technology of Polymers
of the Faculty of Chemical Engineering and Technology of Cracow University of Technology**

Time frame: full-time employment

Number of available positions: 1

Type of employment contract: permanent employment

Representative scientific discipline: chemical engineering

1. Necessary requirements:

- a university degree in chemical and process engineering or chemical technology
- PhD degree in chemical engineering
- scientific achievements in chemical engineering or chemical technology, including in particular preparation and characterization of liquid crystalline polyurethane composites, spectroscopic analysis of the macromolecular compounds, analysis of thermal and mechanical properties of polymeric materials, confirmed by publications in journals from JCR list
- author or co-author of at least 10 publications in journals from JCR list
- knowledge of the English language (at least B2 level)
- ability to plan and organize research work
- competence to conduct teaching classes in Polish, confirmed knowledge of the Polish language in case this is not the candidate's mother tongue
- documented internship/traineeship abroad at a university or industrial internship of at least 2 months in total

2. Additional requirements:

- team work ability

3. The scope of tasks performed on the position of research and assistant professor

Research in the main discipline represented at the Faculty of Chemical Engineering and Technology, i.e., Chemical Engineering.

Conducting educational classes in the field of basic and directional subjects for the courses of study

4. Required documents:

- application to His Magnificence Rector of Cracow University of Technology for employment as a research and assistant professor,
- detailed CV (including the history of previous employment),
- duplicate of higher education diploma,
- duplicate of doctoral degree diploma,

- list of scientific achievements,
- list of teaching activities conducted so far,
- industrial or research internship,
- information about previous work experience,
- opinion on scientific and research, didactic and organizational activities signed by the direct supervisor from the facility hiring the candidate so far,
- confirmation of pedagogical training or declaration of completion in the first year of employment,
- proof of knowledge of a foreign language,
- personal survey.

Employment will take place after the competition procedure consisting of:

- analysis of submitted documents
- interview (in-person or using video conferencing software)

The required documents should be submitted to the Secretariat of the Faculty of Chemical Engineering and Technology, Cracow University of Technology, 24 Warszawska Street, 31-155 Cracow, tel./fax (12) 628 20 35, room 10, from 9.00 am to 2.00 pm or sent in the form of scans to the e-mail address wiitch@pk.edu.pl

The file with the documents should contain a note: applies to the competition for the position of university professor in a group of research and teaching employees, code number C07.110.1100.2024

Documents should be submitted by **01. 10.2024**

The deadline for the competition is **31. 10. 2024**

Cracow University of Technology reserves the right to contact candidates whose applications met the necessary requirements and were given the highest marks by the Recruitment Committee. Information on the results of the competition will be published on the BIP PK and MNiSW website.

The submitted documents may be returned in the Secretariat of the Faculty of Chemical Engineering and Technology, Cracow University of Technology at room 10 from 04. 11. 2024 to 15. 11. 2024.

Documents which are not collected within this time limit will be destroyed by the commission.
